## MIAF REGULATIONS

> **submission guidelines** (important information - there's a lot, but please read!)

---

### INTRODUCTION

The Melbourne International Animation Festival (MIAF) is one of the largest animation festivals in the world. It usually screens around 400-450 films each year in competitive, panorama, student, curated and retrospective programs. MIAF generates a smaller touring festival called the Australian International Animation Festival (AIAF), is a submissions base for the London International Animation Festival and the New Zealand International Film Festival and assists in programming a number of other festivals in Australia, South Korea, Europe and the USA.

When you submit your film to MIAF, your film is automatically considered for each of these festivals although these other events will send you a separate and specific invitation if they wish to invite your film.

### QUALIFICATION PERIOD

To be considered eligible for selection for competition in MIAF19, your film should have been completed **AFTER 1 January, 2017**. The Festival Director reserves the right to grant exemptions to this criteria in exceptional circumstances.

### OTHER SUBMISSION REQUIREMENTS

To be accepted for selection, your entry must arrive in a format that can be viewed by pre-selectors and the jury members. Please load your film to Vimeo (preferred) or YouTube and provide a link and (if applicable) password - OR, send a VOB or MPEG file via WeTransfer or DropBox - OR, post a DVD that has been tested.

PAL / All Regions formats are strongly recommended for submissions to ensure the highest chance of being playable. We are unable to accept ANY tape based formats or Blu Ray discs for the entry process or as screening versions.

An Entry Form must be submitted with each film entered.

There are no limits to how many films can be entered but each film needs a separate Entry Form.

There is NO fee to enter.

### PRE-SELECTION & INVITATION

Pre-selection decisions regarding all entries are made by the Festival Director, relevant advisors and a pre-selection committee. The full selection process can be a relatively lengthy one but an attempt will be made to finalise all invitations for selected films by the end of March 2019. All selected films will receive a formal invitation from the Festival Director. All unsuccessful films will receive notification via email.

The screening order of each program and the program in which each film is screened will be at the sole discretion of the Festival Director.

All submission materials will be retained by MIAF for use in our archive, for Australian federal film classification exemption purposes and for reference in programming partner festivals.

### SCREENING FORMATS & FREIGHT

Should your film be selected, MIAF strongly preferences high resolution digital files as screening versions such as MPEG4, H.264, Apple ProRes 4:2:2 or AVI.

If you wish you may also provide a DCP but a digital file **MUST** also be supplied as a back-up.

All DCPs need to be sent to MIAF at the filmmakers expense on a USB Stick (or pen drive).

Unless otherwise agreed at the time of invitation, **all DCPs will be open and NOT require a KDM.**

This material will be returned to the filmmakers by MIAF at the completion of the festival by regular airmail (or forwarded to another destination nominated by the filmmaker).
